Redefine the user experience

The interior of an elevator significantly contributes to the overall architectural ambiance of a building. Same way as any other space, an elevator elevates the experience of your building with user friendly finishing, good lighting, harmonious soundscape and even digital media content.

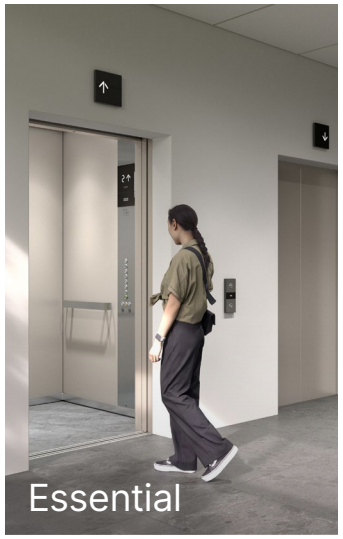

You can choose one of our predefined interior ranges or mix and match between ranges to create your own preferred combination.

Build greener

Materials are compliant with LEED low-emitting materials and BREEAM indoor air quality precondition requirements.

Mix & match

Couldn’t find what you’re looking for in one range? Don´t worry, you´re still free to mix and match materials and accessories from one range to another.

Build smarter

Save time, make the right decisions, and plan your elevator car interior down to the very last detail with our KONE Studio tools.

Scan the QR code to try KONE Studio

www.kone.com/[UPDATE URL & QR CODE]

Unique passenger experience

Deliver a seamless and stylish experience from the moment passengers enter. Interactive devices and intuitive screens enhance convenience while elevating the look and feel of your lobby.

Shorter waiting times

- Increased traffic handling capacity and calmer lobbies in peak demand
- Smart allocation minimizes intermediate stops and over-crowding in elevator cars

Open APIs for integration

- Built-in readers and interfaces allow versatile options for secure access
- Mobile elevator calls are available through partner apps or KONE Elevator Call app

User Experience

- Express your tenants' identity through user interface customization options
- Clear, user-friendly screens provide guidance and real-time information

Personalized journeys

From intuitive touchpoints to dynamic guidance, every interaction is designed to impress and simplify passenger flow.

KONE Digital Experience Cars

Sometimes the elevator ride is about more than the destination

Create a unique journey for people in your building by giving them a whole new world of multi-sensory experiences to enjoy. With dynamic sound, vivid colors, and immersive themes, the KONE Digital Experience Car can be tailored to capture your attention or soothe your senses.

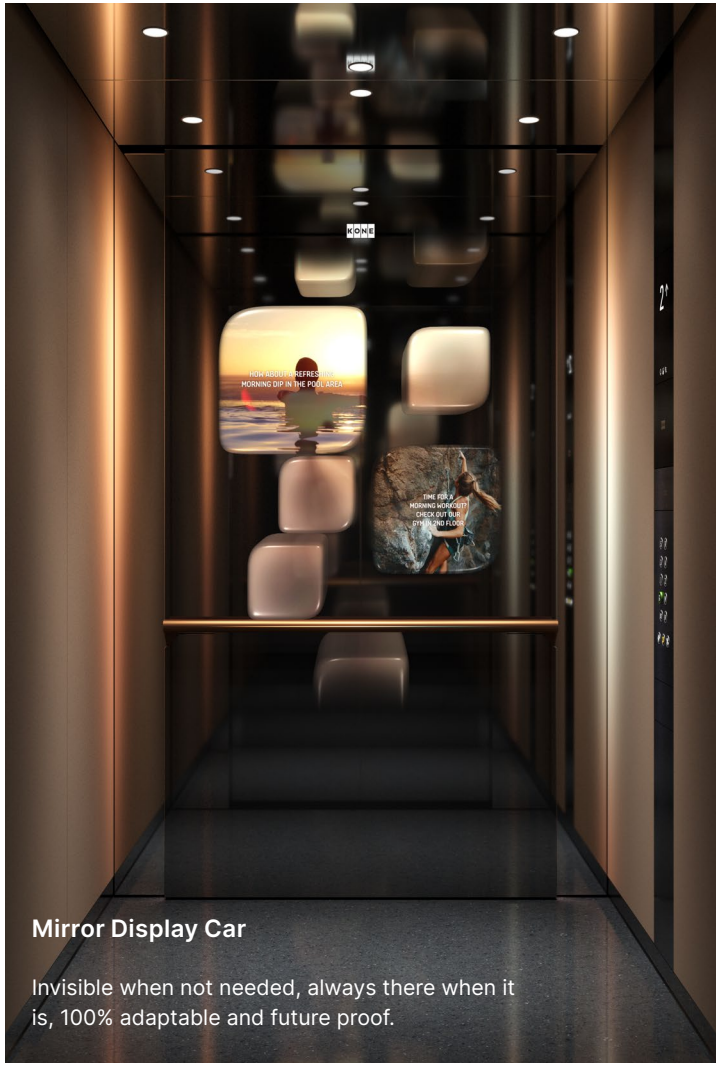

Please contact local sales support to confirm the availability of this product

Three types of KONE Digital Experience cars

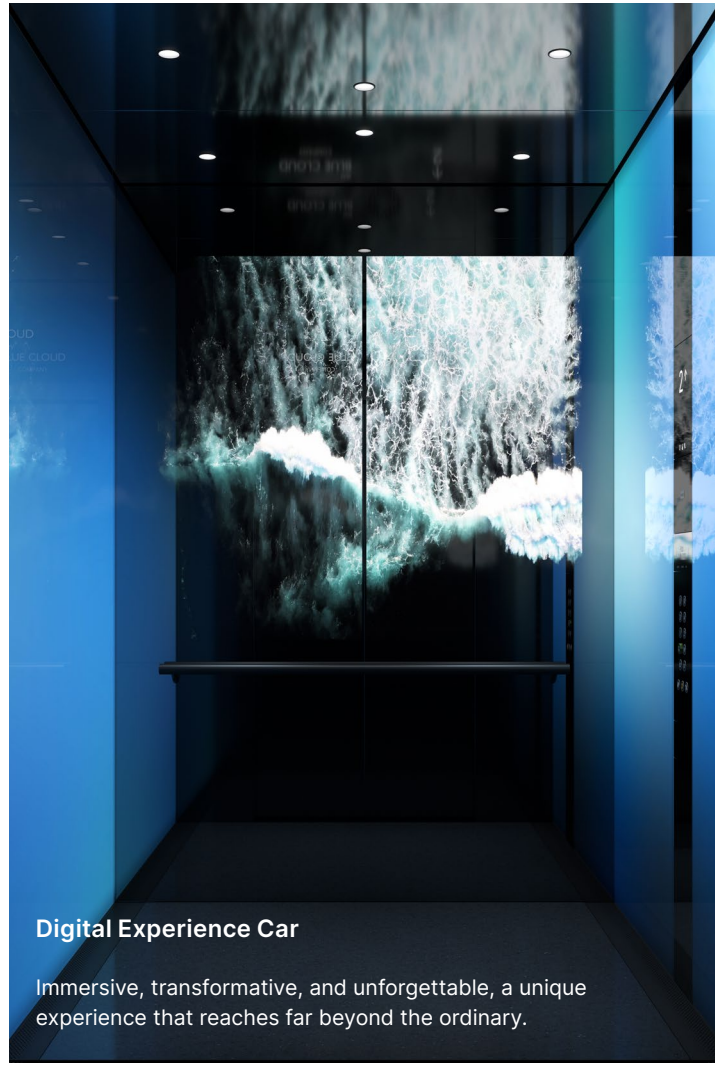

Aurora Car

A hybrid experience that is equally digital and physical, created through technology, driven by human needs.

Mirror Display Car

Invisible when not needed, always there when it is, 100% adaptable and future proof.

Digital Experience Car

Immersive, transformative, and unforgettable, a unique experience that reaches far beyond the ordinary.

When durability matters

In tough environments like commercial or industrial premises, durable materials and accessories are essential to keep your elevator looking good and working reliably.
